It is quite difficult to play the second                       2:03
and 2/4. Count 1, 2, 3, 4 , 1, 2, 1, 2, 3, 4 etc.
Key: Am-C                                                                  tr...............
                                                                2:07                      D
Explaination:
p=pull-off   h=hammer on    /=slide up    \=slide down                 F                   Am    G    F
b=bend up    rb=rebend      bd=bend down
Intro: 1st guitar       tr.......................                        Am                      D   C      Am
                                                                                  G                   D
