

12 Stones - Lie To Me

Tom: G
Intro: 2x: Am F C G

Solo de Guitarra:

(Am F C G)
A candle burns away
The ashes full of lies
I gave my soul to you
You cut me from behind

(Am F C G)
Nowhere to run and nowhere to hide
Your scared of the truth, I'm tired of the lies
Cause who I am
Is where you want to be

Refrão:
(D F C G)
Don't act like an angel
You've fallen again
Your no superhero
I've found in the end

(D F C G)
So lie to me once again
And tell me everything will be alright
Lie to me once again
And ask yourself before we say good bye
D F
Well good bye
Was it worth it in the end?

You wouldn't let me fall

Were you even there at all

Is where you want to be

Why'd you have to up and run away
A million miles away
I want to close my eyes and make believe
That I never found you

Just when I put my gun away
It's the same old story
You left me broken and betrayed
It's the same old story
