Intro: Em  F7M G
         Am  Em  G
         Am  Em  F  F

      Em                F7M
Every time we drew our lines
     G                                          Am
They grew legs and walked themselves down the road
Em    G                 Am
Boundaries is my middle name
Em     F                                  F
I give respect where it's asked or it's shown

                     Am   G                 C        F
Something 'bout our exchange, it's a fight to act like
                 Am  G    C  F
You weren't in mind, or mine
               Am   G                 C
Never want to complain, love you with your wings babe
          D  F  F7M  G
These are your skies

                        Am        G              C          F
But then there was the blood from your heart on my hands again
         Am            G              C     F
Though I swore I washed it off in the waves
     Am     G           C
And I wish I was sorry, damn I wish I was sorry
D                 F F7M G
That I don't know how to stay away

      Em          F7M                      G
Stay away, oh, if only you knew just how you taste
       Am                  Em    G
Oh, if only you'd seen you walk away
       Am              Em    F                 F
Oh I'd follow you into yesterday, then miles away
     Em                        F7M
And I pray for the love that we had underneath
     G                           Am            Em
When we both promised not to waste love arguing
G    Am               Em        F   F
I love you more than I ever could say

                        Am   G                C        F
And something 'bout our exchange, it's a fight to act like
                 Am  G    C  F
You weren't in mind, or mine
               Am   G                 C
Never want to complain, love you with your wings babe
          D  F  F7M  G
These are your skies

                        Am        G              C          F
And then there was the blood from your heart on my hands again
         Am            G              C    F
Though I swore I washed it out in the rain
     Am     G           C
And I wish I was sorry, damn I wish I was sorry
D                 F F7M G
That I don't know how to stay away

Em                                  F7M
   And don't say you don't want no problems, can't hear
through what I say
G                                   Am
Em  G
  Say you want it your way, always has been your way when it
comes to me
                              Am                   Em      F
F
Gun play, use my heart against me always, we can't seem to
hold space, no way

    Am    G                  C          F
The blood from your heart on my hands again
         Am            G              C     F
Though I swore I washed it off in the waves
 Am     G           C
I wish I was sorry, damn I wish I was sorry
D             F     F7M G
That I don't know how to stay away
      Am   G  C  F
Stay away
