Rage Against The Machine - Maggie's Farm

Tom: A

Here are all the riffs to Maggie's Farm. You can figure out in what order they go, etc. I'm pretty sure this is right, but please mail any corrections to me. Enjoy!

Slide down neck after intro.

Parts 1 & 2 are the complete riff.
During verse only part 1 is played, whilst muted.
At certain times during verse, part 3 is played over the top.

```
_________________________/_____________________________/_______

                  Part 1                        Part 2
Part 3
```

x's are muted strums.

The jam at the end is basically variations of the main riff intertwined with that Morello magic =)
Same goes for the solo.
