this world so cold in the days of war,  
we should not let the mystery of the world will flow,

the mystery of life,  
my house is on Mars, aliens, alien know you are there,  
strange women and men voces vinheram Mars,  
I also I am of it,  
we go home, we go to Mars

my world and Mars, my world,  
my world and Mars, my world,  
my world and Mars, my world

because they never found any stranger,  
because I do not know just know that I was born,  
I was born on Mars
