Taylor Swift - I Don't Wanna Live Forever

Tom: C

```
   F  C  G  Am
F  C  G  Am

[Verse 1: ZAYN]
F              C
 Been sitting, eyes wide open
              G                          Am
 behind these four walls hoping you'd call
F            C
 It's just a cruel existence
              G                    Am
 like there's no point hoping at all

[Pre-Chorus 1: ZAYN]
F          C
 Baby, baby, I feel crazy,
G               Am
 up all night, all night and every day
F                C
 Give me something, oh, but you say nothing
G                    Am
 What is happening tonight?

[Chorus: ZAYN]
               F       C
 I don't wanna live forever
          G                        Am
 'cause I know I'll be living in pain
                     F      C
 And I don't wanna fit wherever
              G                    Am
 I just wanna keep calling your name

                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name
                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name
                      F
 Until you come back home

[Verse 2: Taylor Swift]
F            C
 I'm sitting, eyes wide open
           G                     Am
 and I got one thing stuck in my mind
F                C
 Wondering if I dodged a bullet
         G                      Am
 or just lost the love of my life

[Pre-Chorus 2: Taylor Swift]
F          C
 Baby, baby, I feel crazy,
G               Am
 up all night, all night and every day
F                 C
 Give me something, oh, but you say nothing
G                    Am
 What is happening tonight?

[Chorus: ZAYN & Taylor Swift]
               F       C
 I don't wanna live forever
          G                        Am
 'cause I know I'll be living in pain
                     F      C
 And I don't wanna fit wherever
              G                    Am
 I just wanna keep calling your name

                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name
                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name
                      F
 Until you come back home

[Bridge: Taylor Swift & ZAYN]
 F                    C
 I've been looking sad in all the nicest places
G           Am
 Baby, baby, I feel crazy
 F                 C
 I see you around in all these empty faces
G          Am
 All night, all night and every day

 F                        C
 I've been looking sad in all the nicest places
G                  Am
 Give me something, oh, but you say nothing
 F                 C
 Now I'm in a cab, tell 'em where your place is
G                     Am
 What is happening tonight?

[Chorus: ZAYN & Taylor Swift]
               F       C
 I don't wanna live forever
          G                        Am
 'cause I know I'll be living in pain
                     F      C
 And I don't wanna fit wherever
              G                    Am
 I just wanna keep calling your name

                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name
                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name

                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name
                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name

                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name
                      F       C
 Until you come back home
              G                    Am
 I just wanna keep calling your name
                      F
 Until you come back home
