

1Plugged - Spinning World

```
Intro: C D Em G
I found you in a bus
I couldn't think about another thing
What I did with us?
You're right to chose of not forgiving me
How could I be so dumb?
Now it's so hard to keep going
Cause I know that I can't have you back
It's a spinning world
        D
Changing on, growing on, making new lifes
It's a spinning world
           D
Now you're so far and I can't pull you back
( C D )
I looked in your eyes
A memory starts to coming up
I can't forget your smile
               G
The one you showed me when we first have met
I've made a big mistake
I'm happy that you're feeling happy
But I'm sad cause I can't have you back
```
