Letra:
I'm about to be on the floor again, surely you're gonna find me here
I'm about to sleep until the end of time, drug I take gonna wake my fear right now

I'm passing away on to the better life
I'm passing away on to the better

I'm about to see just how far I can fly, surely your gonna break my fall
I'm about to run as fast as I can, head long into that wall this time

(Refrão)

On to the better life
On to the better

I'm about to be on the floor again, surely you're gonna find me here
I'm about to sleep until the end of time, drug I take gonna wake my fear right now
