Am G  
Always waiting for something

All this room without knowing

As long as it takes me anywhere

There's life and there's one dance

There's fate and there's one chance

To find out who I want to be

I look to the far side

Dm  
Searching for daylight

Am G  
Something that is mine, all my own

Am G  
And loving in hindsight

Dm  
That won't work for my life

Am G  
Let me forget all that went wrong

There's life and there's one dance

G  
There's fate and there's one chance

That waits behind that door

And I know it's inside of me
