

3 Doors Down - Landing In London

Tom: G

First Verse

I woke up today in London
As the plane was touching down

And all I could think about was Monday
Maybe I'd be back around

If this keeps me way much longer
I don't know what I would do

You've got to understand it's a hard life,
That I'm going through

First Chorus

And when the night falls in around me
And I don't think I'll make it through

I'll use your light to guide the way
'Cause all I think about is you

Second Verse

And L.A. is getting kind of crazy
And New York is getting kind of cold

I keep my head from getting lazy
I just can't wait to get back home

And all these days I spend away
I'll make up for this I swear

(Strum)
Em C Am Em

I need your love to hold me up
When it's all to much to bear

(strum)
Em C D Em

And when the night falls in around me
And I don't think I'll make it through

(strum)
Em C Am Em

I'll use your light to guide the way
'Cause all I think about is you
