

5 Alarm - Slow Down

Tom: G

Oh oh oh oh oh oh oh!
 Oh oh oh oh oh oh oh!
 Oh oh oh oh oh oh oh!
 Oh oh oh oh oh oh oh!

[Primeira Parte]

Moving to my own drum
 Leave before the sun comes
 I was gonna make this count
 Bleeding for the sake of
 Someone else's pay stub
 Hoping this would all work out

[Pre-Refrão]

But I've been stealing time
 Thinking if I tried
 Everything would turn out right
 We're caught up in the climb
 Love was far behind
 Someone's got to stop this madness

[Refrão]

When all this seems like it's okay
 And all we feel is day to day we're on replay
 And all these dreams where life's made
 Are leaving out the people that we love
 So slow down!
 We need to slow down!

[Segunda Parte]

Feeling when the sun comes
 Feeling when your heart turns
 Everybody needs more time
 To step into the sunshine
 See it with your own eyes

I just want to feel alive

[Pre-Refrão]

'Cause I've been killing time
 I was losing life
 I've been here for no good reason
 We're caught up in the climb
 Love was far behind
 Someone's got to stop this madness

[Refrão]

When all this seems like it's okay
 And all we feel is day to day we're on replay
 And all these dreams where life's made
 Are leaving out the people that we love
 So slow down!
 We need to slow down!
 Oh oh oh oh oh oh oh!
 Oh oh oh oh oh oh oh!

[Ponte]

No one's got a hold on time
 We just got to spend it right
 No one's got a hold on you
 As long as you're still alive

[Refrão]

When all this seems like it's okay
 And all we feel is day to day we're on replay
 And all these dreams where life's made
 Are leaving out the people that we love
 So slow down!
 We need to slow down!

Oh oh oh oh oh oh oh!
 Oh oh oh oh oh oh oh!
 Oh oh oh oh oh oh oh!
 Oh oh oh oh oh oh oh!
