

5 Seconds Of Summer - Amnesia

Tom: D
Intro:

Verso 1:

I drove by all the places we used to hang out getting wasted

I thought about our last kiss, how it felt the way you tasted

And even though your friends tell me you're doing fine

Are you somewhere feeling lonely even though he's right beside you?

When he says those words that hurt you, do you read the ones I wrote you?

Sometimes I start to wonder, was it just a lie?

If what we had was real, how could you be fine?

D
Cause I'm not fine at all

D A
I remember the day you told me you were leaving
Bm G
I remember the make-up running down your face
D A
And the dreams you left behind you didn't need them
Bm G
Like every single wish we ever made
D A
I wish that I could wake up with amnesia
Bm G
And forget about the stupid little things
D A
Like the way it felt to fall asleep next to you
Bm G
And the memories I never can escape

Cause I'm not fine at all

Verso 2:

The pictures that you sent me they're still living in my phone

I admit I like to see them, I admit I feel alone

And all my friends keep asking why I'm not around

It hurts to know you're happy, yeah, it hurts that you've moved on

It's hard to hear your name when I haven't seen you in so long

It's like we never happened, was it just a lie?

If what we had was real, how could you be fine?

D
'Cause I'm not fine at all

Ponte:

If today I woke up with you right beside me

Like all of this was just some twisted dream

I'd hold you closer than I ever did before

And you'd never slip away, and you'd never hear me say
