

5 Seconds Of Summer - Better Man

Tom: A

m Am C G F
 Find me at a quarter to three, cigarette in hand
 Am C G F
 I'd be at every party, I wouldn't miss a chance
 Am C G F
 New friends again and again, gone when the morning comes
 Am C G F
 Demons I try to defend, but I couldn't get enough

Am C
 Fading away, fading away
 G F
 Wake up to someone with nothing to say
 Am C
 I'd never change, thought I'd never change
 Then you come and change it all

Am C G F
 With your love, your love, I'm a better, better man
 Am C G F
 With your love, your love, I'm a better, better man
 Am C
 Darling, all of my wrongs, they lead me right to you
 G F
 Wrapped in your arms, I swear I'd die for
 Am C G F
 Your love, your love, I'm a better, better man
 (Am C G F)

Am C
 Thought I'd found the highest of highs
 G F
 You came and topped them all
 Am C
 You shine in the dead of the night
 G F
 And I was the first to fall

Am C
 Fading away, fading away
 G F
 Wake up to someone with nothing to say
 C Em
 I'd never change, thought I'd never change
 G Am
