

# 5 Seconds Of Summer - Better Man

Tom: A

m Am C G F  
 Find me at a quarter to three, cigarette in hand  
 Am C G F  
 I'd be at every party, I wouldn't miss a chance  
 Am C G F  
 New friends again and again, gone when the morning comes  
 Am C G F  
 Demons I try to defend, but I couldn't get enough

Am C  
 Fading away, fading away  
 G F  
 Wake up to someone with nothing to say  
 Am C  
 I'd never change, thought I'd never change  
 Then you come and change it all

Am C G F  
 With your love, your love, I'm a better, better man  
 Am C G F  
 With your love, your love, I'm a better, better man  
 Am C  
 Darling, all of my wrongs, they lead me right to you  
 G F  
 Wrapped in your arms, I swear I'd die for  
 Am C G F  
 Your love, your love, I'm a better, better man  
 ( Am C G F )

Am C  
 Thought I'd found the highest of highs  
 G F  
 You came and topped them all  
 Am C  
 You shine in the dead of the night  
 G F  
 And I was the first to fall

Am C  
 Fading away, fading away  
 G F  
 Wake up to someone with nothing to say  
 C Em  
 I'd never change, thought I'd never change
