

5 Seconds Of Summer - Broken Pieces

Tom: C

C G
I woke up in the place we started
Am F
Your clothes on the floor in that old apartment
C G Am F
I never thought you'd leave without a trace

C G
Can't shake this sinking feeling
Am F
And I know you're not there and I'm barely breathing
C G Am F
Holding onto things I can't replace

C G Am F
I'm looking for a way to change my mind, don't walk away

C G
Oh! tell me what we're fighting for
Am
Its turned into an all out war
F C
I'll find a way to fix these broken pieces and let go
G
I'm trying to find my way back home
Am
If it takes until I'm skin and bones
F C
I'll find a way to fix these broken pieces and let go

C G
Our last words ringing in my head
Am F
I wish we'd take back all the things we said
C G Am F
I'm trying to find a way to yesterday

C
Talking in circles
G Am F
Chasing our tails and wondering why we created this wasteland
C G Am F
I wish you wouldn't be so cavalier

C G Am F
I'm looking for a way to change my mind, don't walk away

C G
Oh! tell me what we're fighting for
Am
Its turned into an all out war
F C
I'll find a way to fix these broken pieces and let go
G
I'm trying to find my way back home
Am
If it takes until I'm skin and bones
F C
I'll find a way to fix these broken pieces and let go
F C
Fix these broken pieces and let go

Am F C
We're fading out, we're all alone
G Am
It's what you wanted, I suppose
F C
I can tell you feel the same
G Am F
When you say you're looking for a way to change your mind
C
You walk away

C G
Oh, tell me what we're fighting for
Am
Its turned into an all out war
F
We'll find a way to fix these broken pieces

C G
Oh! tell me what we're fighting for
Am
Its turned into an all out war
F C
I'll find a way to fix these broken pieces and let go
G
I'm trying to find my way back home

If it takes until I'm skin and bones
