

5 Seconds Of Summer - Complete Mess

tom:

Intro: D Am G D

D Caught up in Heaven, but your Heaven ain't the same
G And I've never been a saint, have I?
D This evanescence always fleeting like a flame
G But I'm never one to change, am I?

D Call it a lesson when I feel you slide away
G And I'm missin' out on half my life

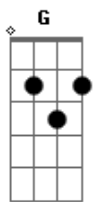

D Oh, you make me complete
C You make me complete
D You make me a complete mess
D Oh, you make me complete
C You make me complete
D You make me a complete mess

(D Am G D)

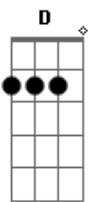

D Hang on to moments like they'll never drift away
G Cause you never get to say goodbye
D I ask no questions as your colours take their hold
C As my darkness turns to gold inside

D Am
