

5 Seconds Of Summer - Complete Mess

tom:

Intro: D Am G D

^D Caught up in Heaven, but your ^{Am} Heaven ain't the same

And I've never been a saint, have I?

^D This evanescence always fleeting like a flame

But I'm never one to change, am I?

^D Call it a lesson when I feel you slide away

And I'm missin' out on half my life

^D Oh, you make me complete

You make me complete

You make me a complete mess

^D Oh, you make me complete

You make me complete

You make me a complete mess

(D Am G D)

^D Hang on to moments like they'll never drift away

Cause you never get to say goodbye

^D I ask no questions as your colours take their hold

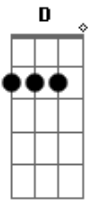

As my darkness turns to gold inside

^D ^{Am}
