

# A Day To Remember - You Shouldve Killed Me When You Had The Chance

Tom: Eb  
Intro: Eb

Verso:

So I say goodbye to a town that has ears and eyes  
I can hear you whispering as I walk by  
Familiar faces smiling back at me and I knew  
This would make them change

Pré-Refrão:

The only thing that's going to bother me  
Is that you'll all call yourselves my friends  
Why can't you look me in the eyes one last time?

(Ponte)

Refrão:

The writings on the wall, you've read that I'll be gone, but  
if you call my name  
Just know that I'll come running, for one more night to spare  
with you  
This is where I'm meant to be, please don't leave me

I've read these stories a thousand times, and now I'll rewrite  
them all

You're meddling in and anger you can't control

She means the world to me, so hold your serpent tongue

Is a whores lies worth dying for? I'll just take my time

Pré-Refrão:

The only thing that's going to bother me  
Is that you'll all call yourselves my friends  
Why can't you look me in the eyes one last time?

Refrão:

The writings on the wall, you've read that I'll be gone, but  
if you call my name  
Just know that I'll come running, for one more night to spare  
with you  
This is where I'm meant to be, please don't leave me

I walked into your house this morning  
I brought the gun from our end table  
Your blood was strewn across the walls  
They'll find you on your bathroom floor  
I walked into your house this morning  
I brought the gun from our end table  
Your blood was strewn across the walls  
They'll find you on your bathroom floor when I'm done  
But should I write it all off?  
But should I write it all off?  
But should I write it all off? (You should have killed me when  
you had the chance)  
But should I... ? (You should have killed me when you had the  
chance)  
Eb (deixa soar)  
You should have killed me when you had the chance  
Eb (Só uma batida)  
You should have killed me when you had the chance
