

# A-Ha - Living At The End Of The World

Tom: D

Intro: D D D A

Sometimes it leaves me with fear  
 Never saw the horizon this near  
 Look to the left then to the right  
 I tuck you in and kiss you goodnight  
 See there is something I know  
 We are not whom we're told  
 We are more than we'll never know  
 And we're living at the end of the world  
 Forget about all that you've heard  
 Living our dreams on the highway  
 It's just another day  
 No matter what they say or you've heard  
 We're living on top of the world  
 We're living our dreams on the highway  
 No matter what they say  
 It's just another day  
 I hear your heart beat in the night  
 You are like an echo of light  
 But in times when shallow runs deep

Your golden beauty goes cheap  
 Still there is something I know  
 Something yet to unfold  
 And we are more than we'll never know  
 And we're living at the end of the world  
 Forget about all that you've heard  
 Living our dreams on the highway  
 It's just another day  
 No matter what they say or you've heard  
 We've made it to the top of the world  
 Building up speed on the highway  
 We've made it to the end  
 Living at the end of the world  
 ( A D A Em7 D A D G G7M D )  
 Forget about all that you've heard  
 No matter what they say  
 Living at the end of the world  
 Living about all that you've heard  
 Building up speed on the highway yeeeee
