

A-Ha - Mary Ellen Makes The Moment Count

```
Intro: D C G Dm F G Dm
Mary cries out: For the love of God
As she's walking out of the laundromat
Down the street and it's the short way home
                            G
Feeling special cause she's so alone
      Bb
But we know
                          G D D7
(The world's full of lonely people)
      Bb F
And it shows
                        G
(The world's full of lonely people)
She shrugs her coat off and unlocks the door
Eats her dinner on the kitchen floor
Writes a poem and turns the radio on
                      G
Every singer sings the same old song
      Bb
And it goes
(The world's full of lonely people)
       Bb
              F
And it shows
(The world's full of lonely people)
               Dm
But when we she wanted me to go
She just had to let it show
                        Dm
To bring me down if she wanted me to leave
        Α7
                C Bb
She just wore it on her sleeve
                   D F G

Mary Ellen makes the moment count
As she's looking through old photographs
Pictures taken from an early age
Faces look back at her from the page
And they say
