Tom: C

Em Am Em  
 You drive down your old street  
 Am Em  
 Familiar smiles from those you meet  
 Am Em  
 You've been around been everywhere  
 Am  
 But objects in the rear view mirror  
 Em  
 Are closer than they appear

C D  
 Looking back is bittersweet  
 G  
 When the world was at your feet  
 C D  
 Love would make your life complete  
 Em Am Em  
 No one makes it on their own

Am  
 You've come so far  
 Em  
 In your comfortable car  
 Am  
 Now objects in the rear view mirror  
 Em  
 Seem closer than they are

C D  
 Looking back is bittersweet  
 G  
 All the world was at your feet  
 C D  
 Love could make your life complete  
 C D

Yeah, love could make your life complete  
 G  
 Teach your heart to skip a beat  
 C D  
 Lift your eyes above the street  
 Em Am Em Am  
 This is where you once belonged

G F C  
 Come on now, its not so bad  
 Em Am D  
 Thinking back on the fund we had  
 Am  
 We can stitch a life together  
 Em  
 With the fibres of the past  
 Am  
 But you cannot make a fleeting moment  
 Em  
 Promise it will last

C D  
 Looking back is bittersweet  
 G  
 Love the world was at your feet  
 C D  
 Lift your eyes above the street  
 Em Am  
 This is where you once belonged

Been everywhere  
 And now you're here  
 And objects in the rear view mirror  
 Seem to disappear
