

A-Ha - Oranges On Apple Trees

Tom: C

Oranges on apple trees
 Birds that mate with bumblebees
 Oranges on apple trees
 Water comes and water goes
 Where it ends up no one really knows
 Water rises, water falls
 Where it comes from no one knows for sure
 It seeps from every pore
 We have seen the rain before
 Not like this - It's flooding every shore
 People come and people go
 I can hear their laughter through the door
 But no one's keeping score
 Oranges on apple trees
 Birds that mate with bumblebees
 One big happy family
 Endless possibilities
 Oranges and apple trees
 (Yeah and more)
 I see your face in front of me
 Can't believe what no one else could see

I feel it deep inside of me
 Everything we love shall be released
 And everyone will see
 Oranges on apple trees (for sure)
 I used to be the only one
 Not now since you've come
 You and I have seen the signs
 That's why the wind died
 The wind died
 That's why
 Oranges on apple trees
 Birds that mate with bumblebees
 Endless possibilities (now)
 Oranges on apple trees
 All the things that we can see
 Multi-gender wannabes
 Oranges on apple trees
 Birds that mate with bumblebees
 One big happy family
 Endless possibilities (yeah yeah yeah)
 Oranges on apple trees (for sure)
