

A-Ha - Slender Frame

Tom: D
Intro: Bm A G Gbm (2X)

Your coat is hanging loosely
On your slender frame
There's many roads to leave by
But few come back again

I don't believe it
I believe it

Take a look around an see
What's stopping you is stopping me
One moonless night we'll make it right
And vanish in the dark of night

Pack up your things and go
Run down the road, don't take it slow
Pack up your things today and run away
Yeah, run away

You say it's useless crying
Never got you far
You claim there's none as lonely

Lonely as you are

I don't believe it
I believe it

Take a look around an see
What's stopping you is stopping me
One moonless night we'll make it right
And vanish in the dark of night

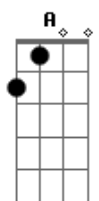

Pack up your things and go
Run down the road, don't take it slow
Pack up your things today and run away
Yeah, run away, yeah, yeah, yeah

Solo
Bm G Bm G Bm G B D E G

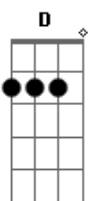

One moonless night
We'll vanish in the dark of night

Pack up your things and go
Run down the road, don't take it slow
Pack up your things today and run away
