

A-Ha - Sunny Mistery

Tom: F

Intro: Dm F G7 Dm Dm

You can run through every forest
 You can sail in the seven seas
 You can climb the highest mountain
 To try and dissolve these memories
 In case you never knew it
 You can't undo it
 You can jump off the edge of the world
 Hide out in some monestary
 Lose your mind in meditation
 And never put your mind at ease
 You think you're running to it
 But you are wading through it
 A sunny mystery
 You think you're running to it
