

# A-Ha - Thought that it was you

Tom: **D**

(Morten Harket / Ole Sverre Olsen)

Int.: **Bm D A** (2x)

I thought that it was you

The things you saw me do

They were true

Little did I know

You found me in your joy

And there was I, a little boy

My shadows they're not new

My soul's split in two

Lord, I thought that it was you

This Christmas snow that falls

Gives silence to us all, amen, amen

**Gbm** **D**  
You know my deepest sin

**A**  
You've seen me deep within

**Gbm** **Bm**  
So fill me now like wind

**A**  
And let the miracle begin

**Bm**  
There's a river and you know

**D**  
There's a place we used to go

**A**  
That's where I throw our ashes now

**Bm**  
I must have walked into a cave

**D**  
Among these things that you must save

**A**  
And there I touched the grave

**Gbm** **D**  
You know my deepest sin

**A**  
You've seen me deep within

**Gbm** **Bm**  
But fill me now like wind

**A**  
And let the miracle begin

And the secrets that you say
