

# A-Ha - Time & Again

Tom: E

obs.: Maybe could be a B7 somewhere instead of some B

E  
The sun brought me  
B  
The moon caught me  
Dbm  
The wind fought me  
A  
The rain got me  
E  
The road sent me  
B  
For years bent me  
Dbm  
The stars overwhelmed me  
A E  
Time and again  
A E  
But now I can't see the stars  
A B  
The star is a thing I can't see  
A E  
And now I don't feel the same

A B  
To feel is a thing I can't be

Earth crushed me  
Fame brushed me  
The streets hushed me  
As life touched me  
Time placed me  
Events dazed me  
Love saved me  
Now and again

But now there can be no love  
Love is a thing I can't be  
And there can be no trust  
Trust is a thing I can't see  
But now there can be no love  
Love is a thing that can't be  
Now I can't be so strong

E ~E  
Strong is a thing I can't be  
Time and again  
Time and again

The sun brought me...
