tom:  
Intro: **Gb7** **Gbm**

You know the way **Bm**  
You've been before **Db**  
I've seen the signs **Gbm**  
Outside your door **G#m7#**  
You set the rules **Bm7**  
The bitter days **Db**  
Can't be ignored **Gbm D**  
It's just the same **Bm**  
Just like before **Db**  
You wanted more **D**

I love the sun **Gbm**  
I love the rain **Bm**  
You gave it up **Db**  
But all in vain **D**  
I love the way **Gbm**  
It was before **Bm**  
So bittersweet **Db**  
To be adored **D**

We had it all **Bm7**  
You let it go **Db**  
You wanted more **Gbm**  
But in the end **Bm7**  
What is a friend **Db**  
If not someone **Gbm**  
To help pretend? **D**  
Remember me **Bm**  
You know my name **Db**  
I'm still the same **Gbm D**  
But not for you **Bm7**  
That's not enough **Db**  
You wanted more **D**
