

A-Ha - You Wanted More

tom:
Gbm

Intro: Gb7 Gbm

You know the way
You've been before
I've seen the signs
Outside your door
You set the rules
The bitter days
Can't be ignored
It's just the same
Just like before
You wanted more

I love the sun
I love the rain
You gave it up
But all in vain
I love the way
It was before
So bittersweet
To be adored

We had it all
You let it go
You wanted more
But in the end
What is a friend
If not someone
To help pretend?
Remember me
You know my name
I'm still the same
But not for you
That's not enough

You wanted more

I love the sun
I love the rain
You gave it up
But all in vain
We couldn't change
You know the score
So bittersweet
To be adored
We had it all
You gave it up
You wanted more

We had it all
You gave it up
You wanted more

(Gbm B7 A Gbm B7)
(Gbm B Gbm Db)

But in the end
What is a friend?
You loved the way
It used to be
The way it was
With you and me
It came too late
And left too soon
Just like the rings
Around the moon

We had it all
You let it go
You wanted more
We had it all
You gave it up
You wanted more
