You'll End Up Crying
 (Pal Waaktaar)

You'll end up crying
 With your mother's eyes
 Pretend you can't see yourself
 Could have been better
 Could have been worse

You could have been yourself

Brought up in mom's arms
 Nowhere to fall
 Now you're out climbing
 Taking it all

You'll end up crying
 With your mother's eyes
 Suffer that moment's pain
 Could have done better
 Could have done worse
 Lost in your love for more

Now you're out climbing
 And you should know
 You'll end up crying
 Wherever you may go

Brought up in mom's arms
 Nowhere to fall
 Now you're out climbing
 Climbing to fall

You'll end up crying
 With your mother's eyes
 Something is lost from the start
 Could have been better
 Could have been worse
 You're going to need me there.
