

# A Thousand Horses - Smoke

Tom: G  
Intro: G C G C

[Verso]

She comes rolling right off the tip of my tongue so easy  
She'll be the first damn thing I want when I start drinking  
I'm breathing her in, breathing her out  
Once I pick her up, I can't put her down

[Refrão]

She's smoke  
I pull her in nice and slow  
She's a habit and I can't let go  
Blowing rings around my heart  
The one she stole  
Watching her swayin low  
It's killing me and I know  
Can't stop her once you start  
She's smoke

[Verso]

She'll go floating around like a downtown ballroom gypsy  
She goes great with an ice cold beer or a shot of whiskey  
Put one in my hand, her on my lips  
Man, that's as good as it gets

[Refrão]

She's smoke  
I pull her in nice and slow  
She's a habit and I can't let go  
Blowing rings around my heart

The one she stole  
Watching her swayin low  
It's killing me and I know  
Can't stop her once you start  
She's smoke

When the night burns out  
And we all go home  
Smell of sweet perfume  
All over your clothes  
Like smoke  
Like smoke
