You know I could drink the world and never get my fill
 [Refrão]

[Primeira Estrofe]

And when I come, I will come on like a dream
 With the crimson moon shining down upon my devil's ring

[Repetição da Primeira Estrofe]

You see it ain't my fault
 That I am this way
 Just a crying in my box for misty day
 Lord what I would give
 For just one drop of red
 Now the dew is on the grass and I am late for bed

[Refrão]

And when I come, I will come on like a dream
 With the crimson moon shining down upon my devil's ring
 And when I come, I will come on like a dream
 With the crimson moon shining down upon my devil's ring

With a vampire's kiss
 I got a vampire's heart
 Now I don't roll out of bed til after dark
 See my teeth so sharp?
 And my blood so still
