

Aaron Lewis - Country Boy

Tom: C

^D
Now I grew up down an old dirt road
In a town you wouldnt know
My pop picked a place up for fifteen hundred bucks
Back in 1964

^D
My grandfather was a drinker
Back in the day he put em down
But a war is known to change a man
And the whiskeys known to change a man but

^{C D}
Thats not me
I rarely drink from the bottle but Ill smoke a little weed ^{C D}
I still live in the sticks where you wouldnt go
In a town of twelve hundred off an old dirt road
And a country boy is all Ill ever be

^D
Now its been twelve years since I sold my soul
To the devil in L.A.
He said sign your name here on the dotted line
And your songs they all will play

^D
He set up shop on Sunset
He put me up at the Marquis
He said you want to sell a million records boy
You better listen to me

^{C G}
He said change your style, whiten your smile
you could lose a couple pounds
And if you want to live this life
You better lose that wife

^{C D}
Do ya need your friends around?
I said.. ^{C G} No thats not me ^{C D}
^D
Cause the biggest things in life are your friends and family
And I like my jeans and my old tshirts
and couple extra pounds never really hurt
And a country boy is all Ill ever be

^{F G D}
Cause Hank taught me just how to stay alive
Youll never catch me out the house without my .9 or .45
I got a big orange tracker and a diesel truck
My idea of heaven is chasing white tail bucks
And as a country boy I know I can survive ^{F G Am}

^D
Now two flags fly above my land
That really sum up how I feel
One is the colors that fly high and proud
The red, the white, the blue

^D
The other ones got a rattlesnake
with a simple statement made
"Don't Tread On Me" is what is says
and I'll take that to my grave

^{C G C D}
Because..... this is me
Im proud to be American and strong in my beliefs ^{C D}
And Ive said it before but Ill say it again
Cause I never needed a government to hold my hand
And Ive said it before but Ill say it again
Cause my familys always fought and died to save this land
And a country boy is all I'll ever be
