

Aaron Watson - That Look

Tom: D

D
She keeps it all together, I always come unwound
Bm
She's cool calm and collected, I wanna paint the town
G
She's like a Sunday morning, I'm a dancehall saturday night
A
She's like a stain glass window, I'm a lonestar neon light

D
She has another side, that no one sees but me
Bm
She is the only one, that brings me to my knees
G
There's something about Sinatra, and a bottle of Chardonnay
A
Without a single word, she takes my breath away

[Refrão]

G A
When she gets that look in her eyes, when she gets that want you
D G
Need to love you, right now that kind of look in her eyes
A D
She's always lookin' so fine, that I can't believe mine
Bm A
And when those stars align, just add a little white wine
D A Bm
And moonlight and that girl's off the hook
G A

D Bm
When she's good she's good, but even better when she gets that look
D
She sparkles like a diamond, she twinkles like a star
Bm
She's like a ray of sunshine, that always melts my heart
G
And when I'm feeling empty, her love makes me whole
A
Just like a country breeze, that soothes my weary soul
