

ABBA - He Is Your Brother

Tom: A

I was a fighter always looking for trouble
 And my life was so empty, there was nothing left to live for
 But then it happened one night as I got into a fight
 I could hear someone saying as though he was praying
 Aaaahhh
 Treat him well, he is your brother
 You might need his help one day
 We depend on one another

Love him, that's the only way
 On the road (on the road) that we're going
 We all need (we all need) words of comfort and compassion
 Treat him well, he is your brother
 Love him, that's the only way
 (A C D A)

Verse 2: I was a woman never thinking of others
 And my life was so lonely, didn't care for anybody
 But then I happened to meet a begging man in the street
 As I turned down his praying I heard someone saying
 (Chorus 2x)
