

# Abbey Glover - I Wish You Liked Girls

Tom: G

<sup>G</sup>  
I grew pretty attached to you,  
Like a dog on a lead.  
<sup>Em</sup>  
Thought you were everything I could ever of dreamed of  
And more than I could ever need,  
But you like <sup>C</sup> boys, boys, boys  
But you like boys, boys, boys  
<sup>G</sup>  
And you don't like me.

<sup>G</sup>  
Always thought you looked at me differently  
Than anyone that you'd see.  
<sup>Em</sup>  
Thought you were aching to see me  
At any, any possibility.  
<sup>C</sup>  
But you like boys, boys, boys  
But you like boys, boys, boys  
<sup>G</sup>  
And you don't like me.

<sup>Em</sup>  
I could be a bitch and tell you a million reasons why,  
<sup>C</sup>  
Being with me would be much better than with any other guy  
<sup>G</sup>  
I could tell you I'll treat you right  
And never wrong  
<sup>D</sup>  
Tell you in my arms is where you belong  
But I know that you can't change someone  
So I'll just leave you alone, although  
<sup>C</sup>  
I wish you liked girls, girls, girls  
Wish you liked girls, girls, girls  
<sup>G</sup>  
Girls like me.

<sup>G</sup>  
You could of had the decency to tell me  
Everytime I'd kiss you  
<sup>Em</sup>  
That women isn't really something  
That you've ever been into  
<sup>C</sup>  
Cos you like boys, boys, boys  
Cos you like boys, boys, boys  
<sup>G</sup>

And you don't like me

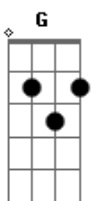

<sup>G</sup>  
You could of had the kindness to turn me  
down privately  
<sup>Em</sup>  
Instead of laughing about it with all of your friends  
And talking shit about me  
<sup>C</sup>  
Cos you like boys, boys, boys  
Cos you like boys, boys, boys  
<sup>G</sup>  
And you don't like me

<sup>Em</sup>  
I could be a bitch and tell you a million reasons why,  
<sup>C</sup>  
Being with me would be much better than with any other guy  
<sup>G</sup>  
I could tell you I'll treat you right  
And never wrong  
<sup>D</sup>  
Tell you in my arms is where you belong  
But I know that you can't change someone  
So I'll just leave you alone, although  
<sup>C</sup>  
I wish you liked girls, girls, girls  
Wish you liked girls, girls, girls  
<sup>G</sup>  
Girls like me.

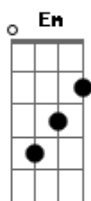

<sup>D</sup>  
And I know you don't swing that way  
But that won't take my feelings away  
<sup>C</sup>  
Oh I wish you liked girls  
<sup>Em</sup>  
I wish you liked girls  
<sup>D</sup>  
Like me.

<sup>Em</sup>  
I could be a bitch and tell you a million reasons why,  
<sup>C</sup>  
Being with me would be much better than with any other guy  
<sup>G</sup>  
I could tell you I'll treat you right  
And never wrong  
<sup>D</sup>  
Tell you in my arms is where you belong  
But I know that you can't change someone  
So I'll just leave you alone, although  
<sup>C</sup>  
I wish you liked girls, girls, girls  
Wish you liked girls, girls, girls  
<sup>G</sup>  
Girls like me.
