

# Abbey Glover - No Hope Left Here

tom:

<sup>C</sup>  
[Primeira Parte]

Doesn't matter how pretty you tell me I am  
I won't see it  
Doesn't matter how much love you give  
Cause I won't feel it  
Doesn't matter if you say you'll be around forever  
Cause guess what, guess what, I won't believe it  
Honey, I won't believe it

[Refrão]

And I don't love myself  
So how can anybody love me?  
And my hands are cold  
So why'd you wanna hold them, dear?  
Oh, my heart is broke  
So why you tryna fix it when there's no more hope to me?  
Left here

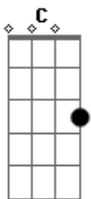

[Segunda Parte]

I know your love for me, your love for me  
Is slowly dying  
Is slowly dying, dying, dear  
But be patient cause, I'm falling  
I'm falling so hard for you  
And I'm scared of what will happen  
When I hit the ground from up here

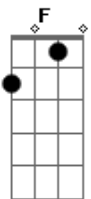

[Refrão]

And I don't love myself

[Ponte]

You're impatient, you're impatient, honey  
But I'm still learning to love  
You're impatient, you're impatient, honey  
But I'm still learning to love  
Learning to love

[Refrão]
