Verso 1:

Getting ready to rock, getting ready to roll  
Gonna turn up the heat, gonna fire up the coal

I gotta that motor turning  
I gotta keep that engine clean  
I gotta keep those tyres burning  
I've got the best you've ever seen

Refrão:

Cos I'm a heatseeker, charging up the sky  
Heatseeker, and I, don't need no life preserver  
Don't need no one to hose me down  
To hose me down

Verso 2:

Getting ready to break, get ready to go  
Get your shoes off an' shake, get your head down and blow  
Ya gotta keep that woman firing  
You gotta keep that circuit clean  
You gotta make her sound the siren  
You gotta hear that lady scream

Refrão:

Cos I'm a heatseeker, burning up the town  
Heatseeker, I don't, I don't need no life preserver  
Don't need no one to hose me down  
To hose me down, here it comes

Solo:

Heatseeker

Verso 3:

Wanna see you get up, see the whites of your eyes  
I'm a heatseeker  
I'm gonna measure you, gonna try you for size  
I'm a heatseeker

Ya gotta keep that motor turning  
Ya gotta keep that engine clean  
Ya gotta keep those tyres burning  
I got the best you've ever seen

Refrão:

I'm a heatseeker  
I don't need no life preserver  
Don't need no one to hose me down

Final:

I'm a heatseeker, I'm a heatseeker, heatseeker  
Out on the street feel the heat.
