

# Acadêmicos de Milton Friedman - Good Intentions

Tom: C

May I introduce myself  
 I?m MC Professor Will  
 I?m not here to reinvent the wheel  
 But with a bit of patience we might understand a few  
 Of causes and effects and what?s the deal  
 About poverty and economic failure  
 When policies based on good intentions gets real

The minimum wage intends to provide  
 Better pay for the workers, so they can live decent lives  
 But when the joint in the corner is forbidden to hire  
 For less than a minimum, they have to deprive  
 The young and the unexperienced from the opportunity to learn and acquire  
 The skills that are required  
 Further up, when they try to make in in life, what did they find?  
 A bunch of shut doors with the unions sign  
 A bunch of shut doors with the unions sign  
 Cause the truth is that any given law, when it?s signed  
 Is actually about the prohibitions implied  
 Or as the Ambassadors, the Acadêmicos de Milton Friedman would say

 The right to education is a beautiful thing  
 F7  
 The UN?s shiny diamond ring  
 Cm  
 But schools won?t pop up ? you gotta collect  
 F7  
 And with all that dough, there?s more room for neglect  
 Cm  
 As bureaucracy gets that big government check  
 F7  
 The machine starts running and the cash falls fast  
 Cm  
 They feast and they spend it and the teachers resent it  
 F7  
 As schools get bigger and their finances linger  
 Cm  
 Not to mention the loans for higher education  
 F7  
 Guaranteed by the fed to boost the credit expansion  
 Cm  
 Education inflation is what you get  
 F7  
 When you try to move people like pawns in chess  
 Cm  
 Regulation kicks in, mining competition  
 F7  
 As the broke and young struggle for tuition

Cm  
 ?But none of it matters, it?s never been better?  
 F7  
 The men in suit will tell you when they show the score  
 Cm F7  
 With the increasing numbers to make you come back for more

[Solo de flauta]

É isso aí meu irmão!
