

# Adam Lambert - Lucy

Tom: D

She's off to party with the diamond dogs  
 From the wrong side of the tracks  
 Her window's open anytime she's home  
 But now it's locked up at last

She was bound to break free from the start  
 Girl got that rebel heart  
 She's out to rumble, gonna get it on  
 There ain't no stopping her now

Lucy Run away Run away-ay-ay-ay  
 Run away Run away-ay-ay-ay  
 Run away Run away-ay-ay-ay

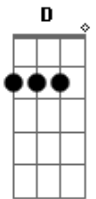

Lucy, Lucy Yeah, yeah

She's off to sell herself in the city bar  
 Her jaws are loaded for love  
 She gon' get beaten playing with the dark  
 Innocence under attack

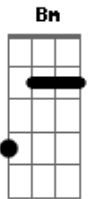

She was bound to be stabbed in the back  
 All for some fun in the sack  
 Now she's alone and got no one to call  
 Well, no, she ain't turning back

Lucy Run away Run away-ay-ay-ay  
 Run away Run away-ay-ay-ay  
 Run away Run away-ay-ay-ay  
 Lucy, Lucy Yeah, yeah
