

Adele - First Love

Tom: C

F C7M
So little to say

Em
But so much time

Em
Despite my empty mouth

Am
The words are in my mind

F
Please wear the face

C7M
The one where you smile

Because you

Em
Lighten up my heart

Am
When I start to cry

F
Forgive me first love

C7M
But I'm tired

Em
I need to get away

Am
To feel again

F
Try to understand why

C7M
Don't get so close

To change my mind

Em
Please wipe that look

Out of your eyes

It's bribing me

Am

To doubt myself

F C7M
Simply, it's tiring

(F C7M Em Am)

Em
This love has dried up

Am
And stayed behind

F
And if I stay

C7M
It'd be a lie

Em
Then choke on words

Am
I'd always hide

F
Excuse me first love

C7M
But we're through

Em
I need to taste the kiss

Am
From someone new

F
Forgive me first love

C7M
But I'm too tired

Em
I'm bored to say

The least and I

Am
I lack desire

(F C7M Em Am)
Forgive me first love (4x)
Forgive me
Forgive me first love (2x)
