

# Adele - Tired

Tom: G

[Primeira Parte]

C G  
Hold my hand while you cut me down  
Am Em  
It had only just begun but now it's over now  
C G  
And you're in the heat of moments with your heart playing up  
cold  
Am Em  
I'm between the middle watching hastiness unfold  
C G  
In my eyes you were smiling in the spotlight dancing  
Am Em  
With the night when I fell off your mind

[Refrão]

F  
I'm tired of trying  
C G  
Your teasing ain't enough  
F  
Fed up of biding your time  
C G  
When I don't get nothing back  
F C Em F  
And for, and for what, and for  
C G  
When I don't get nothing back  
C  
Oy, I'm tired

[Segunda Parte]

C G  
Where do you go when you stayed behind  
Am Em  
I looked up and inside down and outside only to find  
C G  
A double taking punching hard and laughing at my smile  
Am Em  
I get closer you obviously prefer her

[Refrão]

F  
I'm tired of trying  
C G  
Your teasing ain't enough
