

Adele - Water Under The Brigde

```
the only thing that I want is your love
Intro: G Em Bm A
                                                                 If you're gonna let me down
     G
If you are not the one for me
                                                                 Let me down gently
Then how come I can bring you to your knees
                                                                 Don't pretend that you don't want me
If you are not the one for me
                                                                 Our love ain't water under the bridge
Why do I hate the idea of being free?
                                                                 If you're gonna let me down
And if I'm not the one for you
$\operatorname{\textsc{Bm}}$ A You've gotta stop holding me the way you do
                                                                 Let me down gently
                                                                 Don't pretend that you don't want me
Oh, and if I'm not the one for you
                                                                 Our love ain't water under the bridge
Why have we been through what we have been through?
It's so cold out here
        Bm
                                                                 Say that our love ain't water under the bridge
 In your wilderness
        G
Now I want you to be my keeper
                                                                 It's so cold out here
                                                                        Rm
But not if you're so reckless
                                                                 In your wilderness
                                                                 Now I want you to be my keeper
If you're gonna let me down
                                                                 But not if you're so reckless, ooohh
Let me down gently
Don't pretend that you don't want me
                                                                 If you're gonna let me down
Our love ain't water under the bridge
                                                                 Let me down gently
                                                                 Don't pretend that you don't want me
If you're gonna let me down
                                                                 Our love ain't water under the bridge
Let me down gently
Don't pretend that you don't want me
                                                                 If you're gonna let me down
Our love ain't water under the bridge
                                                                 Let me down gently
D Fm
                                                                 Don't pretend that you don't want me
                                                                 Our love ain't water under the bridge
Say that our love ain't water under the bridge
                                                                 Oh, say it ain't so...
What are you waiting for?
                                                                 Say that our love ain't water under the bridge
         Bm
You never seem to make it through the door
 and who are you hiding from?
                                                                 Oh, say it ain't so...
it ain't no life to live like you're on the run
                                                                 Say that our love ain't water under the bridge
Have I ever asked for much?
                                                                 Say that our love ain't water under the bridge
