

Ademir e Ademar - Cemitério

Tom: G

m [Intro] D Gm Cm F7 Bb G7 Cm D Cm Bb D7 Gm

Gm

Em qualquer cidade deste mundo

Existe o espelho da verdade
Existem luxuosas avenidas

Também um cemitério da saudade
Existe gente boa e caridosa

E outras que só fazem a maldade

Esquecendo que um dia no cemitério
A terra cobrirá sua vaidade

Jesus criou a vida e a morte

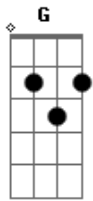

Escrito na Sagrada Escritura

Por isso o orgulho e o dinheiro
Se acabam numa triste sepultura

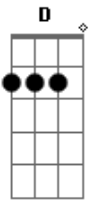

Há tanto opulentos milionários
Que vivem se afogando na fartura
Fazendo seus impérios desumanos
Com lágrimas de pobres criaturas
(Am Em G Am D7 G G7 C D7 C Bm)

Mas lá no cemitério frio e triste
Os grandes já não têm nenhum valor
Só restam nos sepulcros solitários
Uma lágrima, uma vela, uma flor
A terra que gerou as nossas vidas
Consumem nossos corpos sem ter dó
Do pó que fez de nós seres viventes
Voltamos novamente a ser um pó
