(essa parte repetem-se os mesmos acordes)

You crash and burn
with the pages turned
in your black book full of names
and then you throw your frozen heart
out in somebody else's flames
and it's a low down dirty, dirty shame.
don't let this love slip through the tracks
i miss your claw marks on my back

And call me your baby
i kissed away the tears you cried
and then you go and leave me
pissed off and alone
yeah, it's all about your sweet thing
or maybe it's the devil in your eyes
yeah, what it takes to make this love survive
