

# Aerosmith - Just Push Play

Tom: **F**

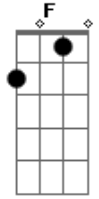

i think, i dont know the lyrics.  
this little part goes there:

drop **D** tuning (tune low **E** string to **D** )

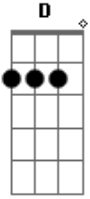

the first part in the beginning when tyler's saying "ah ah ah there's one part that goes like this:  
ah..." goes like this

then later he says a little bit containing the word "refried", then there's the walk this way riff, and tyler says "walk this way...". its different notes than the original..i'm pretty sure its this.
