

# Aerosmith - Tell Me

Tom: G

I think it's time to realize it's done  
 I guess I have to accept it I was never the one  
 Yeah, it was so good  
 I thought I fell into someone else's dream  
 Yeah, but I let it be my, thought to let be yours  
 No nothing's ever what it seems  
 I thought I felt it all around  
 But now it's lying there on the ground  
 Why was it there for me, but not for you?

Refrão

Tell me  
 Tell me  
 Because it's been so long  
 Now I'm sitting here and you're so far gone  
 I'm staring down at the page in a magazine  
 I looked up at the TV, but it's just an empty screen  
 When we're together, I thought it was? ecstasy  
 Oh I can tell the sun's still shining  
 But shadows are all I can see  
 And everywhere I go

I'll never see your face I know  
 What could I say, that could make you come back this way

Refrão

Tell me  
 Tell me  
 Because it's been so long  
 Now I'm sitting here and you're so far gone  
 Now I know I should have known  
 And I see I could have seen  
 You got a restless soul  
 Need to know and want to find out  
 If your fields are still green? Whoaaaaaa

Solo

Now I hope that what I hope for  
 Could somehow be true  
 Why is it such a long long way to you  
 Refrão  
 Tell me  
 Tell me  
 Because it's been so long  
 Now I'm sitting here and you're so far gone
