

# Aerosmith - Under My Skin

Tom: **G**

CHORUS

**DROPPED D TUNING!!!!!!**  
(ebgda**D** )  
Intro:

<b>D</b>	<b>C</b>	<b>Bb</b>	<b>A</b>
girl...	under....	yeah yeah yeah	yeah

VERSE (listen for timing)

For the solo just mess around in the key of C.  
That's it for the song, 4 easy parts to learn.  
If anyone can **TAB** out the highly over-produced middle part of the song before the solo go for it.

PRE-CHORUS (timing is kinda fucked here, so I'll just give you the basics)
