

# Afterglow - Mend This Heart of Mine

tom:

Intro: Em G Em

There's nothing I can find

To mend this heart of mine

There's nothing

That can make me forget you

Well I tried everything

That pleasure could bring

But my soul feels empty and blue

Cause I know that I'm nothing

Without you by my side

You brought me sunshine every day

D G B  
Took all my blues away

Solo: Em G

Em G  
I long for your embrace

And to see your smiling face

That makes my life seem worthwhile

Em G  
Well I just can't bear

To know that you're not there

Because I need you to reconcile

C Em  
Cause I know that I'm nothing

Without you by my side

E B  
You brought me sunshine every day

D G B  
Took all my blues away
