Swept by their undertow
G Am

Lick the blood off of my fist

[Pré-Refrão]

F
And the gods keep saying
C G Dm
"You've been warned
C F G
They'll leave you stranded in their storms"
C G Dm
And now the ranger smells like war
C F G
Are monsters made or are they born?

[Refrão]

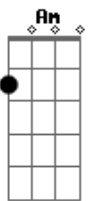

F
And I've been here before
G Am
Tell me how you sleep at night, it doesn't seem fair
E F
How the hell you dreaming when the world's a nightmare?
F
Did you hear a single word we said
G Am
'Cause we're screaming out loud
C G G
But it seems our cries are just another lullaby
Am C G F
Just another lullaby

[Segunda Parte]

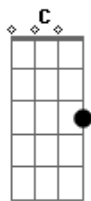

C G
Come when the line is drawn
G Am
Be careful, what side you're on
C G Dm
Come through and twist up your wits
C G
But still, I surface in morning light

Strap up for another fight
C G Dm
Then I feel so well with this
