

Áhlle - A Cidade Comovida

Tom: C
Intro: Am E7

A cidade comovida com sua noite silenciosa
Oferece aos miseráveis a bênção do concreto o lençol da garoa
fria

A cidade orgulhosa com seu dia abafado
Cede aos carros seu espaço e acolhe as chaminés
Pondo a fuligem nos seus pés

Dm Dm7 C C C7 F F7M Bm E E7

A cidade solitária em sua sorte de grafite

Estende seus romances ao asfalto e entrega aos bueiros
tudo que não lhe serve

Refrão:
Dm ...

É o corte das feridas ardendo na multidão
É a lágrima da piedade pela vida em deserção

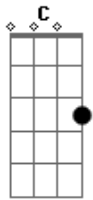

A cidade comovida com sua noite silenciosa

Oferece aos miseráveis a bênção do concreto o lençol da garoa
fria

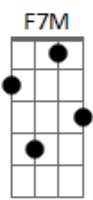

Refrão

A cidade comovida ...
